

Why Support Catalina Rupert for SUSD?

Safety. Advocacy. Progress.

As a dedicated community volunteer and SUSD parent — with one child who went through our schools and another currently enrolled — my commitment to the Saratoga Union School District is deeply personal.

I'm running a fully independent campaign because I believe a school board trustee should answer only to local families, not outside political groups or special interests. My vision centers on three core pillars:

Safety — Prioritizing physically secure campuses alongside robust mental health and wellness support, so every student, teacher, staff member, and administrator has a safe, nurturing environment to learn and work in.

Advocacy — Serving as an independent, dedicated voice for every student, parent, teacher, and neighbor in our community, so all local perspectives are genuinely heard.

Progress — Championing forward-thinking academic excellence, while expanding rich opportunities beyond the traditional track. From creative and performing arts to honoring home languages, music, sports, and hands-on technology, I want every child to become well-rounded and ready for their own unique future.

If you believe these are the three pillars our district needs, I'd be honored by your support. I believe in our students wholeheartedly — I even trusted them to design our campaign yard signs!
